

Yard Manager

Location: 2449 Valley Pike, Dayton, OH 45404 | **Schedule:** Part-Time |

Job Description:

Miami Valley Metal Recycling Inc, a leading electronic and metal recycling has the perfect opportunity for an excellent facility processing Manager. This key leadership position is a combination of production management, process improvement, management of processing team, maintenance oversight, coaching/training, administration, and field supervision. This role offers medical, dental, and vision benefits, and paid vacations/holidays. Valley Metal Recycling Inc is seeking exceptionally hands-on, service-oriented leaders for this vital role.

RESPONSIBILITIES:

- Manage the salvage and recycling operation with approximately 4 employees under your direct supervision
- Work in a hands-on, all-weather outdoor environment and ensure that production goals are met safely and consistently
- Effectively mentor and train new team-members
- Set goals for team and store operations and processes to measure progress/results
- Implement and maintain company policies and standards
- Maintaining environmental, health, and safety standards and quality controls
- Dependable/reliable and committed to working required hours, including occasional overtime, weekends, and holidays
- Ability to work in all weather conditions

QUALIFICATIONS:

- Good mechanical skills
- Good computer skills
- Basic knowledge of scrap electronic and metal material
- Strong administrative/organizational skills
- Experience with maintenance/troubleshooting of heavy equipment (loaders, hydraulics, tow motors, large equipment) preferred
- Ability to stand, walk, bend, climb, lift 50lbs, and stretch as required by a specific task
- Must have reliable means of transportation to work
- Bi-lingual in Spanish preferred Benefits include: Medical, Dental, Vision, Life Insurance, 401K

Company Description:

Valley Metal Recycling Inc. is a recycling center that serves surrounding communities in Dayton, Ohio, since 1996. Our recycling center accepts a wide variety of electronics and scrap metals for recycling. We buy aluminum, alloys, brass, copper, electronics, iron, lead, radiators, steel, wire and more. We provide pick up services that include roll-off containers in various sizes, shop boxes, barrels, and gaylord boxes with pallets. Our goal is to provide the highest level of service, competitive pricing, and timely payment to our customers. We understand what our customers want and need from an electronic and scrap metal recycler. We pride ourselves on a strong reputation built on honesty and integrity. Our commitment is to you, your business, and the environment. Providing the finest quality service to all our customers is our top priority.
